NanoBor

because of the high quantity of nicro holes. Due to strong moisture absorbency and breathability

Minus Ion

The effect of this fiber will come free due to the light friction between body and air. This Minus Ion cleans the air

Far Infrared Ray Effect
This Ray comes free from the
fiber and is an element of sunlight.
This promotes the circulation
systems in the human body and
maintains a constant
body temperature

Ace Jacquard Polo with Bamboo

2 - Tone fabric of 65% polyester and 35% rayon nanobon.
2 Button placket with embossed buttons. 1x1 flat knit rib collar. Necktape.
Side slits. PGA tour print at the sleeve.

Typical measurements:-

Gulf/Asian Sizes			Europe Sizes			
	М	L	XL	М	L	XL
А	27	28	29	29	30	31
В	21	22	23	22	23	24
С	8	8.5	9	8.5	9	9.5

These measurements are for guidelines only. The actual measurements may vary slightly between garments as knit garments have internationally accepted higher tolerance values

GSM or GMS?

Most manufacturers confuse clients with this. GSM: Grammes per sq. meter is the wt. of the fabric in a square of 1 meter x 1 meter.it remains the same in all sizes. Hence the correct way to describe GMS: is the wt. in grammes per piece of the Tee/Polo And will always vary with each size.

Thus, completely misleading. We ALWAYS specify the GSM. So you are rest assured of what we offer.

Heavier the better?

Not necessarily. The quality of yarn will decide the quality and Price. Super combed, combed, semi combed and carded: this is the quality of YARN in descending order.

We specify the yarn. So you are rest assured of what we offer.

What more we can offer:

You Are Welcome To Send Your Design Ideas And Originals. We Will Reproduce It For You..!

9-110-1110-1111

SANTHOME WORKWEAR PYROVATEX is a treated fabric that

offers good protection against flames.

These are treated on fabrics made from cotton,

Polycot and other cotton blends. Although treated,

it lasts for at least 50 washes.

Thus it is an economical way of getting the protection.

These fabrics could also be added with ANTI-STATIC,

Water/oil repellence properties.

SANTHOME WORKWEAR comes with

OEKO TEX 100 Standard which uses

ECO FRIENDLY DYEING standards

(Free from Harmful Substances in Dyeing,

hence eco and skin Friendly!)

Stds compliant to:

EN ISO 11612, EN ISO 11611, EN ISO 14116,

EN ISO 61482, EN ISO 1149, etc.

Specifications:

2 chest pockets with flap velcro closure.

#5 YKK Golden Brass 2 Way zippers.

Collar closure with metal snaps.

2 cross pockets in front below waist line.

One patch pocket at back. Reflective tapes.

Colours: Petrol Blue (light blue), Navy, Khaki,

Orange, Red, Yellow, Grey.

SANTHOME WORKWEAR NOMEX, NOMEX IIIA, DELTA C, etc.

have excellent Fire protective property:

The NOMEX fiber is itself inherently flame resistant. This can not be

washed or dry cleaned out of the Nomex fiber and therefore stays

the life of the garment.

Nomex will not burn in air like a cotton fabric and will not me<mark>lt 16-</mark>

and drip like a polyester fabric. When exposed to a flame source [1]

Nomex absorbs the heat energy and the fiber will swell up,19

thickening in the process which in turn helps to stop heat

transfer to the individual person.

The addition of 5% Kevlar also helps establish Nomex IIIA having

a better abrasive resistant factor and longer garment life compared

to FR Cotton fabrics.

15

16

17

18

19

20

91

SANTHOME WORKWEAR PROBAN is a treated FR fabric

with excellent protective property. Using Cotton and

cotton-rich fabrics, it lasts over 50 washes.

PROBAN treated fabrics do not smoulder, have no afterglow

and the flame does not spread outside the charred area,

unlike other flame retardant systems. PROBAN treated fabric

do not melt away to form a hole through which flame can

penetrate through nor they form a sticky reduce which can

adhere to the skin of the wearer.

Thus it is very effective in protection.

Stds complaint to

EN ISO 11612, EN ISO 11611, EN ISO 14116

NEPA 2112 ASTM F 1506

Comfort and ergonomics meet EN 340 standards.

SANTHOME WORKWEAR comes with OEKO TEX 100

Standard which uses ECO FRIENDLY DYEING standards

(Free from Harmful Substances in Dyeing, hence eco and skin Friendly!).

Specifications:

2 chest pockets with flap velcro closure.

#5 YKK Golden Brass 2 Way zippers.

Collar closure with metal snaps. 2 cross pockets in front below waist line

One patch pocket at back. Reflective tapes:

Colours: Petrol Blue (light blue), Navy, Khaki, Orange, Red, Yellow, Grey.

Certifications

SANTHOME WORKWEAR PROTEX is an inherently FR fabric.

This means that it lasts for the whole life of the fabric.

Mixed with cotton in a combination of 55% Protex/45% Cotton, gives it excellent drape, appearance, feel. With different GSMs, we can make it meet different levels of protection.

It can also be produced in fluorescent colours for Hi-Vis applications and with reflective tapes.

YOUR handwriting says a lot about you - and so does the pen you hold. That's why over a century's experience as pen pioneers has led Platignum to create this distinctive range of quality pens. From the self-filling ranges manufactured in 1919, Platignum invented the world's first replacement nib, created the retractable ball-point in 1950 and introduced the first cartridge system.

Platignum, the U.K pen pioneers have been writing the history of the pen for generations and are continuing to innovate for the future.

Nature friendly games and products, promoting your environmental and social responsibility.

Little Steps products respect nature.

Made from ECO friendly materials they all can tell your important message about protecting and nurturing our planet. Sum of many Little Steps can soon be a big leap towards a greener future.

- help parents playfully educate their children about environmental problems and their solutions,
- raise general awareness about environmental issues,
- let people know that their gift has made a contribution to reforestation and local employment by Eden project.

PROBLEM & SOLUTION

Unlike standard games, a Little Steps pair is made up of two different images, one representing an environmental problem and the other its corresponding solution.

MEMORY 111914

Two-colour wooden edition Set of 14 different Problem&Solution pairs

The Bopp Cool adds something extra to water and that is design. The clever cool element does what it says: Keep it cool!

red<mark>dot</mark> design award winner 2012

XDDESIGN® Bopp Cool is an award winning design drinking bottle with a capacity of 700ml in eco-friendly BPA-free TritanTM material. A sustainable bottle with an ingenious integrated cooler element to cool your drinks from inside the bottle. Registered design®.

WB 016

Executed in BPA free Tritan material. Cooler part can be screwed off to be placed in the fridge. When frozen and screwed back on to bottle lid, this serves as cooler element for drinks without diluting it.

Caution - Promoclips do not cut fingers & papers. Are you sure about other brands? Buy only the original.

Finish your precious correspondence with an original Promoclip carrying your own logo. More and more companies decide to distinct themselves this way. A Promoclip matches your corporate identity perfectly and offers space to print your logo and to promote your website or slogan.

Promoclips are easily put on paper by giving it a gentle twist. Each clip has been carefully smoothened to avoid possible damage to the paper.

Also the patented bends on the back of the clip enable you to put on a clip without using

ML Clips are considerably larger than Promoclips and offer enough space to print a product photo or state your complete company details.

Not only its size, but also its strenght is unique: an ML Clip holds 2 to 35 sheets of paper together!

This clip is really one of a kind. Available with digitally printed labels or laser engraving.

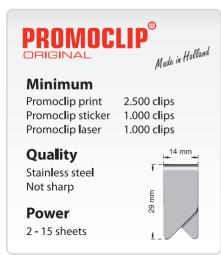

XL Clip original

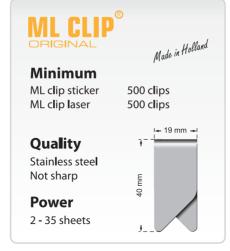

The XL Clip safely holds together bank notes, credit cards and receipts. Carrying a solid laser engraving, the XL Clip offers sufficient space to show your logo and even a message.

Give your client an XL Clip as a 'thank you' and he will think back of you frequently.

Obtainable in a semi-transparant give away box, offering space to leave your business card as well.

Already available as of 50 pieces.

When one gifts...

1. The Giver is making a statement...

I have class, 4 my gift reflects my class. I have taste; it shows in my gift!

2. The Giver is expressing . . . Please accept this as a token of our appreciation, for patronising us 4 our organization.

- 3. As 4 when the receiver uses the gift he remembers the giver the bond becomes stronger subconsciously.
- 4. It is important to remember an advertisement giveaway is meant to serve a different purpose than a gratitude gift. The branding is done accordingly.

We WII spoil you for choice!

our range 4 our stocks are the largest in the Middle East 4 Africa. We are experts in this business 4 can help you select 4 brand your gifts appropriately.
